ACUVUE® Contact Lenses Packaging Update

You may have noticed changes to the foil and external packaging of our ACUVUE® contact lens products. We want to assure you that these changes are cosmetic only, and there were no changes made to the packaging materials, packing solution, or contact lenses.

As we transition to this new packaging design across our portfolio, it is possible you may see new and old packaging in the market at the same time. For more information, please contact customer service at 1-800-874-5278.
