# Getting started: how to register

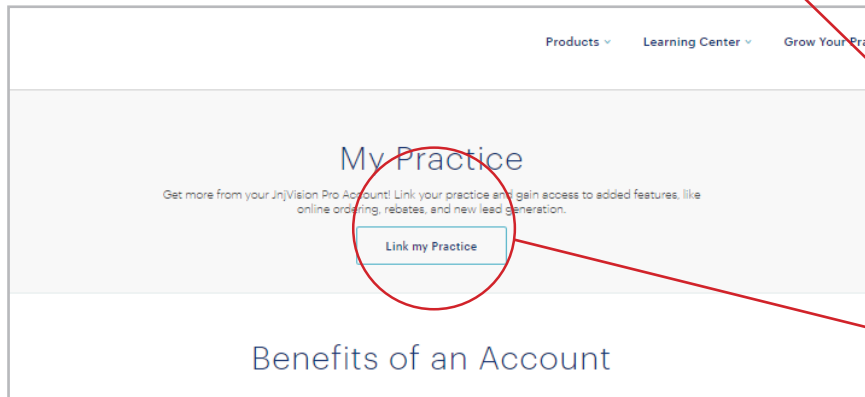

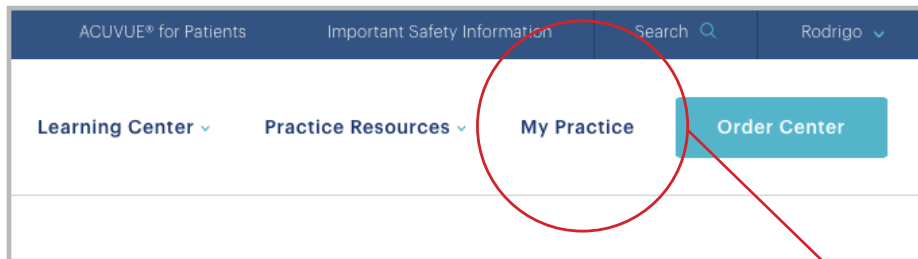

Whether you're an eye care professional or office staff member, all of our resources and content are now housed within 1 site. With a single log-in, you'll have access to content tailored to your needs. Follow the instructions below to register:

- Click **"Log-In"** in the upper right corner of the homepage to register
- Click on **"Register for JNJVISONPRO"** at the bottom of the pop up
- Once you've completed the registration process, you will have access to **JNJVISONPRO**

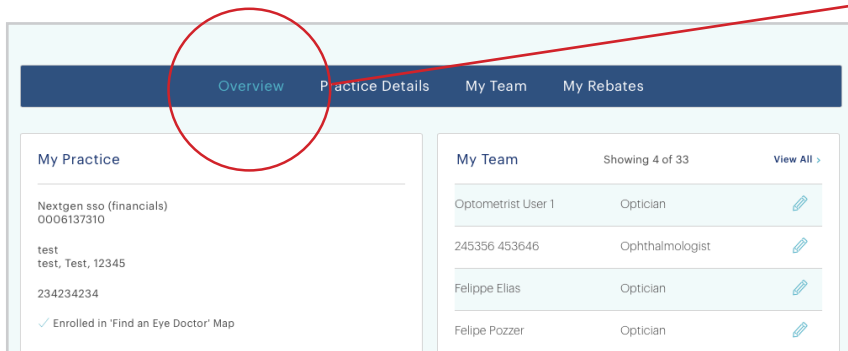

## Getting started (cont'd): linking a practice

During the registration process, you will be asked to link yourself to the practice you own or at which you work so you can use features like online ordering. To do this, simply provide your account number and you will be linked to your practice. If you don't have the number handy while registering, you can add it anytime by following these steps:

- Click on **"My Practice"** in the upper right corner of the logged-in homepage
- Next, click on **"Link My Practice"** to add your practice information
- If you are the owner of the practice account, you will see your team, practice information, and practice rebate information (if applicable)

## Next steps: setting up your profile

Once you have registered, your name will appear in the upper right hand corner. When you click on your name, a drop-down menu with the following options will open:

### • My Profile

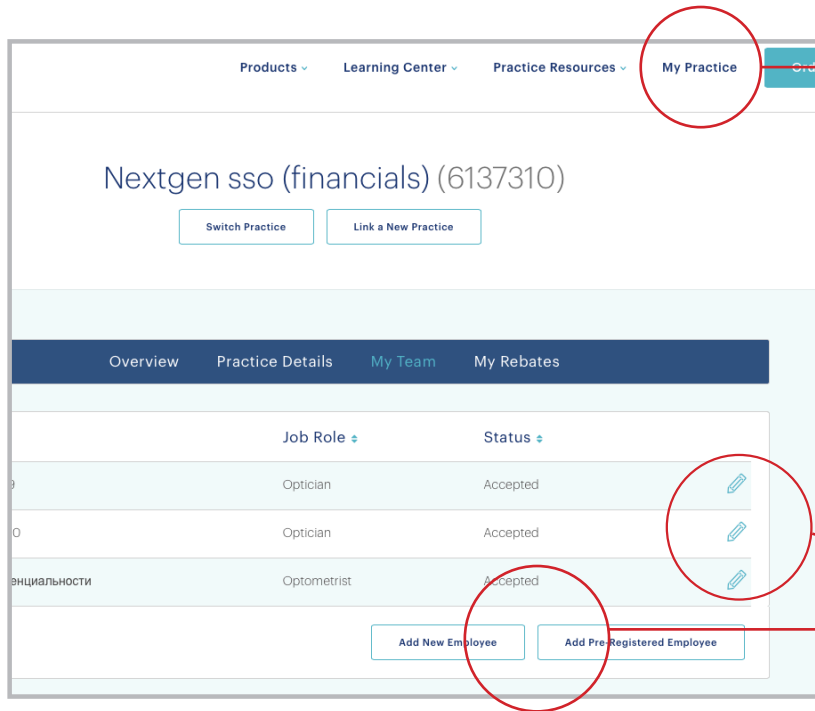

View or make changes to your profile information.

### • My Learning

View the progress of any online learning courses you've enrolled in.

## Next steps (cont'd): setting up your team

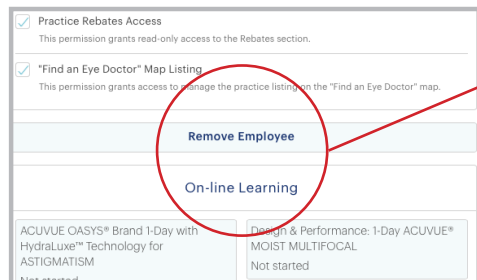

Office staff can do so much more on the site as well by linking to a practice. Under the **“My Practice”** menu, you’ll have the opportunity to preview your staff and edit their status under **“My Team.”**

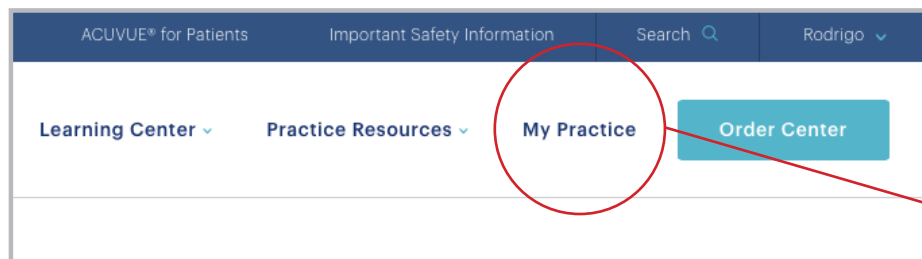

- **Approve staff members** who have registered on the site and requested access to your practice portal

- **Edit staff member permissions** and **view their online learning** (if they provided access) via the **pencil icon**

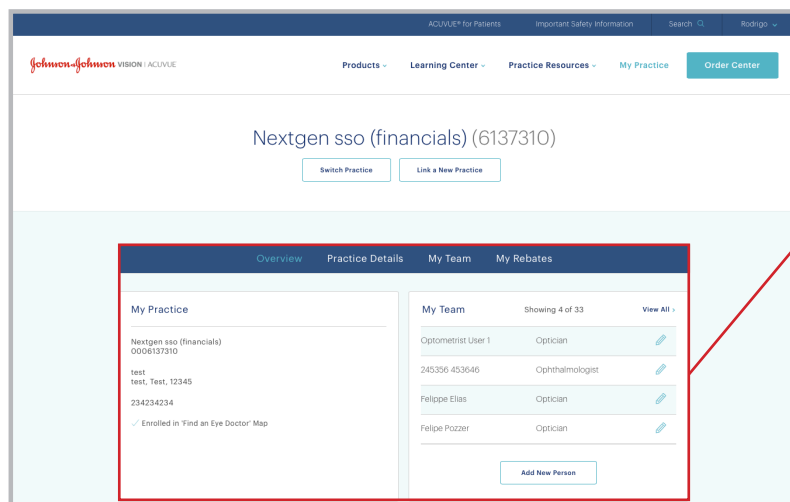

- Set permission levels for staff, including **“Team Management,” “Ordering Access,”** or **“Rebate Access”**

## Next steps (cont'd): review your practice information

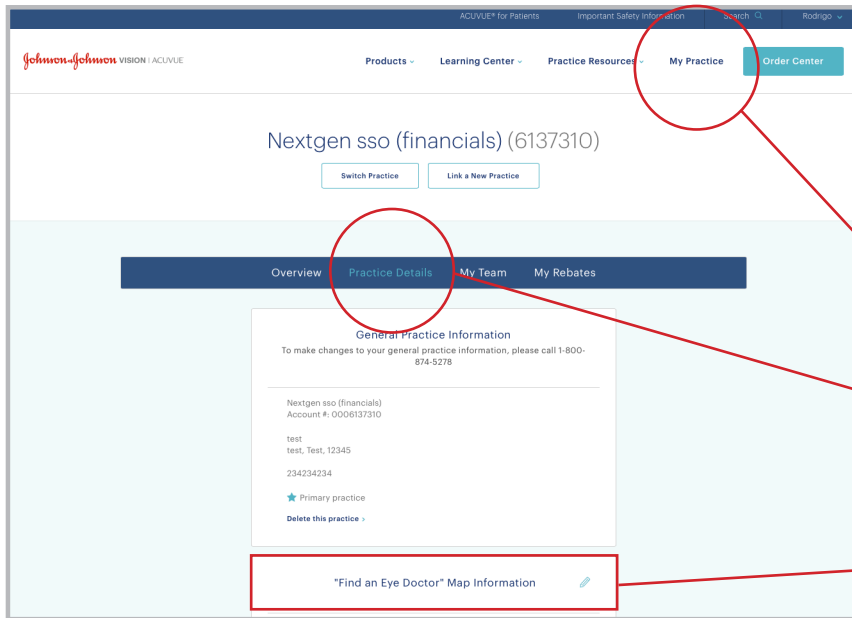

After you register, you can review or edit your practice information anytime via the **“My Practice”** menu.

Simply click **“My Practice”** in the upper right corner next to **“Order Center”** and you’ll find all relevant practice information, including a list of team members.

## Practice resources: the “Find an Eye Doctor” map

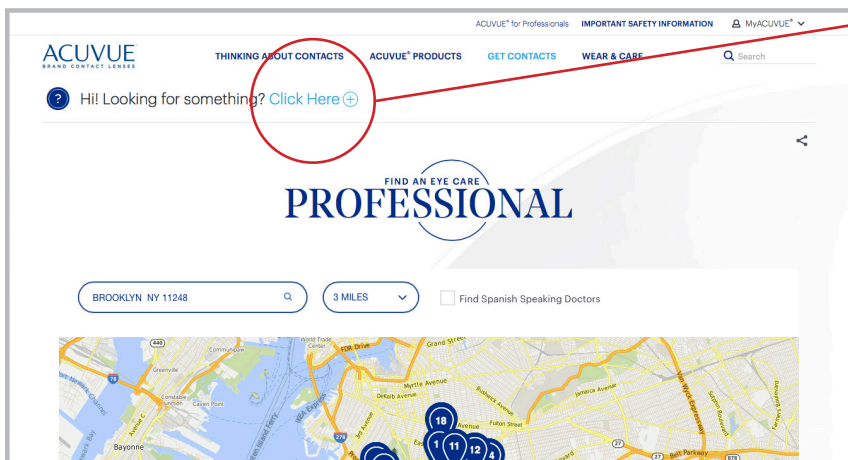

Once you have completed the registration process, you will want patients to be able to find your practice when looking online. To do so, you'll use the **“Find an Eye Doctor”** map by following the steps below:

Enter the **“My Practice”** menu and click on **“Practice Details”**

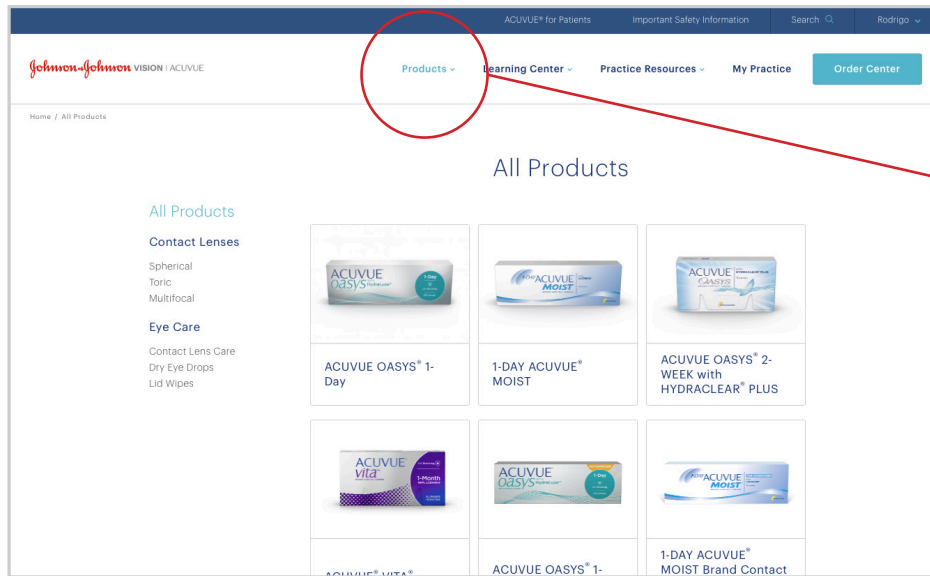

You should see the option to enroll in the **“Find an Eye Doctor”** map

Populate your practice details as instructed. Once processed, those details will appear on ACUVUE.com to patients looking for an eye care professional in your area

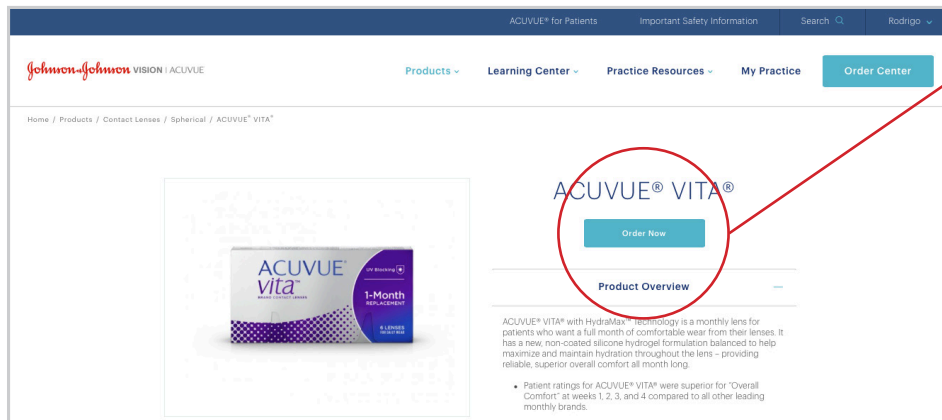

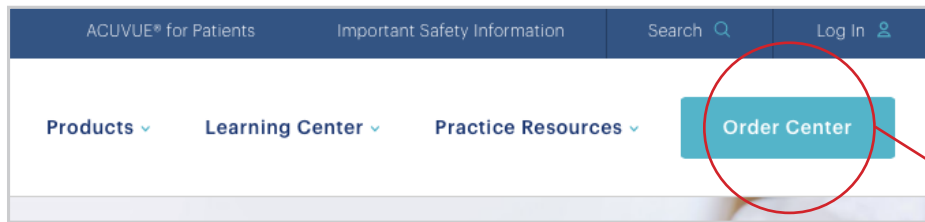

## Practice resources (cont'd): the “Products” page

Under the **“Products”** menu you will find detailed information about contact lenses and other eye care products.

You can view all products, or filter based on specific needs or features. Each product page includes learning courses or articles related to the product.

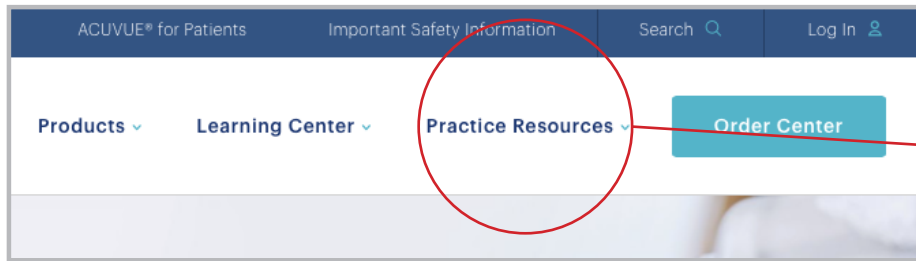

## Practice resources (con't): ordering products

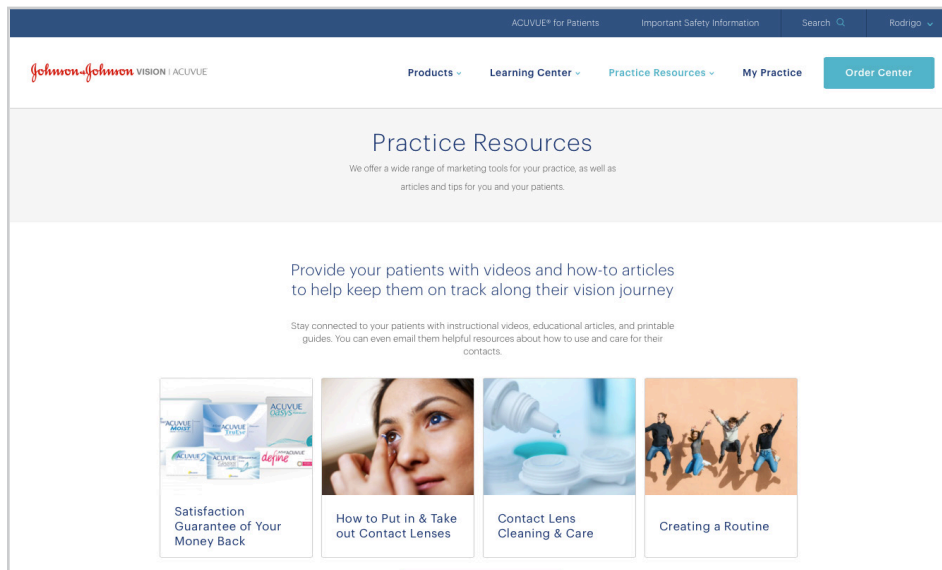

If you have a direct ordering account with ACUVUE®, you'll have access to online ordering. The **"Order Center"** button in the upper right hand corner will take you to a product order page.

You can also get there by clicking **"Order Now"** on any individual product's page while browsing the **"Products"** area of the site.

## Practice resources (con't): the “Practice Resources” menu

Located between the “**Learning Center**” and “**My Practice**” menus, the “**Practice Resources**” feature puts valuable practice and patient resources at your fingertips.

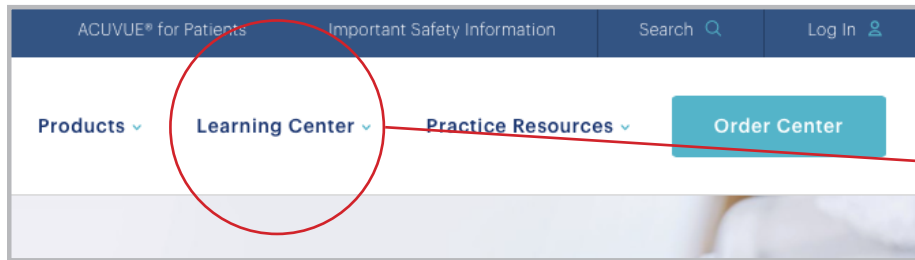

### For your patients

Download and print educational materials for distribution to patients, or view those materials and send a link for patients to access them via email

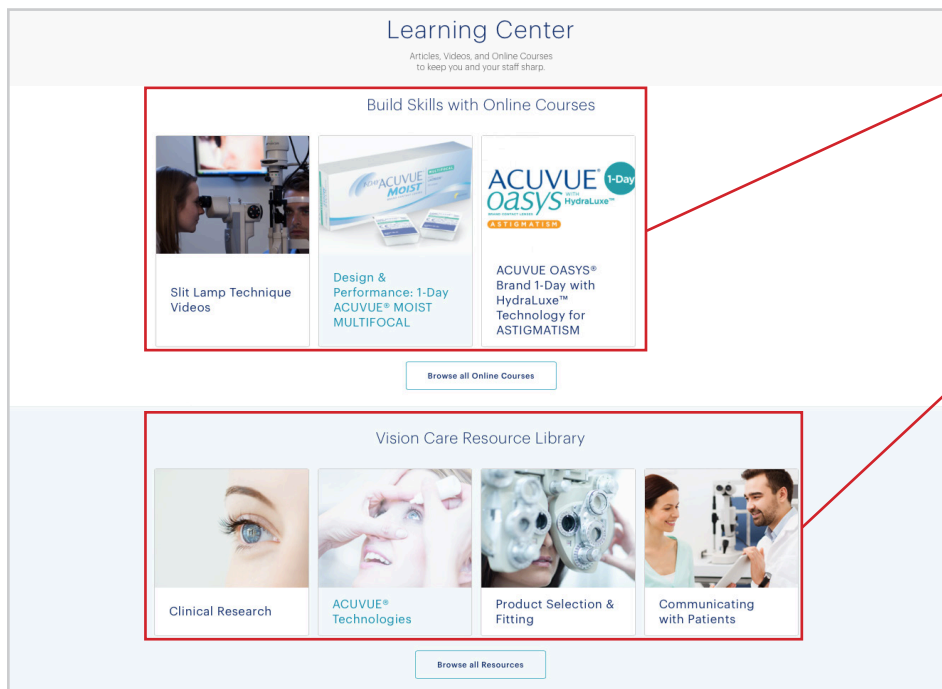

### For your practice

View and download informational articles, tips, and marketing materials for both yourself and your staff to help enhance your practice

## Practice resources (con't): using the Learning Center

Between the “**Products**” and “**Practice Resources**” menus, you’ll find the “**Learning Center**” tab. Here, you can find online courses and videos for you and your staff to advance your training, as well as other resources, such as:

### The J&J Institute

Hands-on training and an online compendium of professional resources and expertise leveraging the global reach of the Johnson & Johnson Family of Companies

### The Vision Care Resource Library

A collection of clinical articles, videos, and eLearning modules covering eye conditions, contact lenses and technology

## Keep engaging to see how we evolve

You should be ready now to hop on and engage with everything **JNJVISIONPRO.COM** has to offer. But know that we won't stop here. The site will be updated regularly with improvements and additional information, resources, and tools. So keep coming back, and together we'll build your best practice!

For more information on the site, please reach out to your J&J Representative.
